

Glens Falls Hospital

Community Cancer Prevention in Action

CPiA

PROGRESS TO DATE

MAY 2021 - APRIL 2023

Through the Community Cancer Prevention in Action Program (CPiA), Glens Falls Hospital is **bringing cancer prevention** education, resources, practices and policies to local communities within Saratoga, Warren, and Washington Counties.

- ✓ education
- ✓ resources
- ✓ practices
- ✓ policies

We are taking action...

RAISING AWARENESS about practicing sun safety and the dangers of indoor tanning.

HELPING COMMUNITY PARTNERS adopt and implement their own policies to aid in the prevention of skin cancer.

EDUCATING the public about the HPV vaccine as an effective method of cancer prevention.

...and seeing results!

73 MEDIA PLACEMENTS

48 DECISION MAKERS MEETINGS

52 COMMUNITY EDUCATION EVENTS

42 ORGANIZATIONAL POLICIES ADOPTED

30 SITES WITH SUN SAFE ENVIRONMENTAL SUPPORTS

GET THE FACTS. REDUCE THE RISK. SPREAD THE WORD.

Here's how our partners are taking action against cancer:

ADOPTING POLICIES

Our partners are adopting lasting policies to support cancer prevention amongst their staff, youth, and visitors.

PROMOTING CANCER PREVENTION

- Encouraging the use of hats, sunscreen, and protective clothing when outside
- Installing sunscreen dispensers making free sunscreen available
- Adding shade protection to provide sun-safe outdoor spaces
- Installing signs with reminders of the importance of cancer prevention
- Raising awareness that the HPV vaccine is safe and effective cancer prevention
- Providing cancer prevention education to staff, youth, and visitors
- Promoting cancer screenings through worksite wellness

practice prevention

Cover Up
Seek Shade

THE GOGGLES ONLY PROTECT YOUR EYES. Indoor tanning beds are a leading cause of skin cancer. Learn how you can protect yourself from skin cancer.

if you could protect them from cancer you would and... you can

HPV vaccine is cancer prevention

Vaccinate. Because the best time to stop cancer is before it starts.

“Your work in the Fort Edward community has brought Sun Safety as a community wide initiative. Connections with our community pool and our school where even the littlest learners are being educated on the importance of preventative actions. The Sun Safety fashion show was very well received and resonated with students and staff. You've made Fort Edward a priority and attended Wellness Committee meetings, field day events, and program celebrations to continue spreading the word about Sun Safety. Let's not forget your campaign on the harmful effects of indoor tanning that helped to educate and inform our high school students during prom season and beyond.”

– Jessica Smatko, Fort Edward Union Free School District, Summer Academy Coordinator
